METRO WEST
COLLABORATIVE DEVELOPMENT

2018 Program Report

Herring Brook Hill Broke Ground

Back in 2015 the Town of Norwell set aside its former police station for the creation of a new building with 18 apartments for seniors. In the fall of 2018 it got underway! Lease-up expected in late summer 2019.

Ready Renter Program Went On-Line
And over 1700 household are looking
for places to live in our Metro West towns.

55+ and Ready to Move

Metro West CD now offers a workshop for seniors who are thinking about downsizing but don't know where to begin. We cover: planning, budgeting, and how to look for the next housing options. The workshops are available for free in partnership with area Councils on Aging.

From 48 units to 92!

The Town of Medway approved the expansion of our Glen Brook Way project from 48 units to 92. This multi-family rental development will now include 44 units of apartments for seniors.

As the **Fair Housing Act of 1968 turned 50** we were reminded that the goals were to a) prohibit discrimination and b) to dismantle segregation. We still have some work to do.
